**Attachment \_\_\_ F \_\_\_: Progress in Meeting 5 Year Goals**

The long -range scope of the Authority is to improve the facilities and community for all its residents. Some of our new goals are to remodel 18 kitchens, replace tile flooring in units that need new flooring and replace sewer lines in troubled areas. The Authority is making site improvements by adding landscaping and by refurbishing many sidewalks. We are also replacing the roofs on development 1 and 2 with metal roofing for preventive maintenance reasons as well as to give the development a new and attractive look for the community.

The Authority will continue to serve the HA community not only by providing them with decent housing but also by improving the community of its residents.

**DECONCENTRATION POLICY**

**Component 3, (6) Deconcentration and Income Mixing**

☐ Yes ☒ No: Does the PHA have any general occupancy (family) public housing developments covered by the deconcentration rule? If no, this section is complete. If yes, continue to the next question.

**Note** the PHA is not subject to Deconcentration because it operates less than 100 public housing units.

☐ Yes ☒ No: Do any of these covered developments have average incomes above or below 85% to 115% of the average incomes of all such developments? If no, this section is complete.

**PUBLIC HOUSING:**

In an ongoing effort for The Housing Authority to meet or exceed the laws and regulations regarding its public housing programs, the following Deconcentration Policy has been adopted by the Housing Authority of the City of Gordo (GHA) in order to comply with the Quality Housing and Work Responsibility Act of 1998, Section 513.

**INCOME MIX TARGETING:** To meet the requirements of the Act, and subsequent HUD regulations, at least 40 percent of families admitted to public housing by the GHA must have incomes that do not exceed 30% of the area median. If 40% or more of the housing authority units are occupied by families whose incomes do not exceed 30% of the area median income, this requirement shall be considered as being met.

**PROHIBITION OF CONCENTRATION OF LOW-INCOME FAMILIES:** The GHA will not, in meeting this income mix targeting, concentrate very low-income families, or other families with relatively low incomes, in public housing units in certain projects or certain buildings. The Housing Authority of the City of Gordo will review the income and occupancy characteristics of each project to ensure that a low-income concentration does not occur.

**DECONCENTRATION:** The Housing Authority of the City of Gordo shall make every effort to deconcentrate families of certain income characteristics within the GHA complexes. To achieve this, the Housing Authority of the City of Gordo may offer incentives for eligible families having higher incomes to occupy dwelling units in projects predominantly occupied by eligible families having lower incomes, and provide for occupancy of eligible families having lower incomes in projects predominantly occupied by eligible families having higher incomes. Incentives by the Housing Authority allow for the eligible family to have the sole discretion in determining whether to accept the incentive and the agency may not take any adverse action toward any eligible family for choosing not to accept these incentives. The skipping of a family on the waiting list to reach another family to implement this Deconcentration Policy shall not be considered an adverse action. As such, the Housing Authority will continue to accept applications and place the individual on a waiting list. Selection will be made based on a combination of the local preferences and an income target mix. Any eligible family who qualifies as a higher income family may accept a dwelling unit assignment and be placed randomly into a vacant housing unit.

The Housing Authority of Gordo will track the income mix within each project in an effort to avoid a concentration of higher or lower income families in any one project.

Thirty (30) percent of the Median Income per number of persons in a household is as follows:

Number 12345678

of

Persons

Amount 7,350 8,400 9,500 10,550 11,350 12,200

13,050 13,900

The Housing Authority of Gordo

has 80 units of Low Rent housing leased. Per the QHWR A of 1998, forty (40) percent of the leased units will be housed with families with incomes 30% or less of the median income, or 30 units. A breakdown of units leased on October 1, 2001 showed that 57 units, 71% of the families residing in our units have incomes at, or below, thirty (30) percent of median income, which surpasses the QHWR A of 1998 requirements by 31% percent.

The percentage of families leased with incomes under thirty (30) percent of median income per project are:

AL138 -001	66%
AL138 -002	80%
AL138 -003	66%

The project has greater than forty (40) percent of the families with thirty (30) percent or less of the median income.

Monitoring will be conducted to confirm that at least forty (40) percent of all leased units will be within thirty (30) percent of median income. The calculations listed above exclude vacant units and were averaged by occupied units.

Efforts through marketing and outreach shall be made to increase the number of families with incomes greater than thirty (30) percent of median income in the projects noted above in order to avoid concentration of very low -income families in the projects as per the requirements of the QHWR A of 1998.
